Technical Skills: Python • React • SQL • Web Development • Cybersecurity

PROFESSIONAL SUMMARY

Computer Science and Engineering graduate from BRAC University with a strong foundation in Python, SQL, React, and full-stack web development, and hands-on experience in software development, data analysis, and machine learning. Research interests span Cybersecurity and image processing, supported by certifications from DeepLearning.AI and DataCamp. Built several production-ready web applications using HTML, CSS, React, Next.js, and JavaScript. Eager to contribute to innovative projects and grow expertise at the intersection of AI, security, and modern software engineering.

EDUCATION

Bachelor of Science, Computer Science and Engineering (CSE) BRAC University CGPA: 3.78 / 4.00	2022 – 2026
Higher Secondary Certificate (HSC) Viqarunnisa Noon School and College GPA: 5.00 / 5.00	2021
Secondary School Certificate (SSC) Viqarunnisa Noon School and College GPA: 5.00 / 5.00	2019

EXPERIENCE

Co-Instructor BRAC University — RSML (Residential Semester Machine Learning) Course Designed and delivered hands-on machine learning curriculum to residential semester students, covering supervised learning, model evaluation, and Python-based implementation.	Nov 2025 – Jan 2026
Senior Executive BRAC University Computer Club Led technical event planning and execution for the university computer club, coordinating workshops, competitions, and cross-departmental initiatives.	2024 – 2025

PROJECTS

Nextern — Next.js, TypeScript, Tailwind CSS • Developed a full-stack web application using Next.js and TypeScript with responsive UI built in Tailwind CSS.	nextern-virid.vercel.app
Scramble Puzzle — React, CSS • Built an interactive browser-based puzzle game using React with dynamic state management and custom CSS animations.	scramble-puzzle2-0.vercel.app
Wordzie — React, CSS • Built a word-based web application in React featuring real-time user interaction and component-driven architecture.	wordzie.vercel.app
QR Code Generator — HTML, CSS, JavaScript • Implemented a client-side QR code generation tool using vanilla JavaScript with instant rendering and no external dependencies.	samia2310.github.io/QR-Code-Generator
Quick Calendar — HTML, CSS, JavaScript • Designed and deployed a lightweight calendar utility using HTML, CSS, and JavaScript with intuitive date navigation.	samia2310.github.io/QuickCalendar1.0

ACHIEVEMENTS AND CERTIFICATIONS

Merit Scholarship — BRAC University	Jan 2024 – May 2026
2nd Place — Mobile Photography, Josephite Art and Literature Carnival	2021
Advanced Learning Algorithms — DeepLearning.AI (Coursera)	Feb 2025
Supervised Machine Learning: Regression and Classification — DeepLearning.AI (Coursera)	Feb 2025
MLOps Fundamentals — DataCamp	Aug 2025
Create Your First Python Program From UST — Coursera	Feb 2026
Design System Thinking with AI — Grameenphone Academy	Mar 2026
